

ETS Live Departures Boards activated

The ETS Live® Departures Boards installed at the U of A and West Edmonton Mall Transit Centres have now been activated. The signs are part of the enhanced information suite of tools for ETS customers associated with the recent launch of Smart Bus technology on routes 111 and 128.

The signs display the real-time departure times for buses on routes 111 and 128 and scheduled departure times for the other routes operating from these two transit centres.

The signs have four lines of messages. The top line displays the current date and time using the 12-hour a.m. and p.m. clock. The real-time departures for the Smart Bus routes 111 and 128 count down in minutes until the bus departs at the "0-min" mark. Scheduled departure times are displayed as an hour and minutes. The "a" is short for "a.m." and the "p" is short for "p.m." The information on these signs is automatically refreshed every 20-30 seconds.
