Get Real Time Bus Schedules via Email

ETS Live® Email & Ride now provides bus schedule information for all routes via email as part of the ETS Live® customer information tools.

A few moments after sending an email to ETSLive@edmonton.ca with the stop number in the subject line, a customer will receive a return email with the next departure times for that stop.

For routes 111 and 128, equipped with Smart Bus technology, both scheduled and real-time estimated departure times will be provided. All other routes will show scheduled departure times only.

This new technology augments the ETS Live® Bus Finder web service launched in November. Both mobile and desktop versions can be found at takeETS.com/ETSLive. Customers at University and West Edmonton Mall transit centres can also get real-time schedule information from the ETS Live® Departures Boards installed on site.
