Public Meeting

February 13, 2014

City of Edmonton

Proposed rezoning in Boyle Street/McCauley area

Citizens are invited to a public meeting about an application that would allow a 23-storey, 71 metre, 131-unit residential building. The proposed development would incorporate a residence which is on Edmonton's inventory of Historic Resources.

Date: Thursday, February 20, 2014

Time: 7 – 9 p.m.

Location: Santa Maria Goretti Community Centre, 11050-90 Street N.W.

The application proposes to amend the Boyle Street/McCauley Area Redevelopment Plan and rezone properties located at 10434 and 10438-91 Street NW from the current RA7 (Low Rise Apartment Zone) to a DC1 (Direct Development Control Provision).

This meeting is an opportunity to learn more about the proposal and provide your feedback to the City and applicant/property owner. Feedback will be summarized in a report to City Council before they make their decision on the rezoning.
