City of Edmonton

## City expresses concern for struck pedestrian

The City of Edmonton wishes to express its concern related to the serious injuries sustained by a pedestrian in a collision with a City snow maintenance vehicle last night. The collision occurred at the intersection of 134 Avenue and 113 A Street. The pedestrian and her family are in our thoughts.

The City holds itself to the highest standards of safety. We are working closely with the Edmonton Police Service as they continue to investigate this incident. The City is also conducting its own internal investigation. Once we have the results of these investigations, we will review our safety procedures to see if there is anything that can be done to prevent this sort of incident.
