City of Edmonton

## Edmontonians make a cross-country connection

Share your views on cross-country skiing in Edmonton. Take a few minutes to complete the City of Edmonton's ski survey. It includes questions about changes made by the City and the Edmonton Nordic Ski Club in 2014, as well as possible improvements for future ski seasons.

In late 2014, the City improved their operations practices and refined grooming schedules based on weather, terrain, use patterns and operational needs. More ski grooming and track-setting equipment has been added and on-site signage has been enhanced.

The survey will be live between **January 30 and February 27** at [edmonton.ca/crosscountry](http://edmonton.ca/crosscountry)
