City of Edmonton

Open house on proposed changes to height and grade regulations

Residents are invited to attend an open house to learn more about proposed changes to the [height and grade regulations](#) in Zoning Bylaw 12800.

Date: Wednesday, March 4, 2015

Time: 4 – 7 p.m.

Location: City Room, City Hall, 1 Sir Winston Churchill Square

The changes are proposed to help improve alignment between the Zoning Bylaw regulations and new construction technologies and techniques. The changes are designed to develop a diversity of housing throughout Edmonton by providing more options for building styles and varied roof pitches and to provide more consistency in the way the City reviews plans for new buildings. If approved by Council, the changes will apply to every standard zone and overlay in the city.

The City of Edmonton is committed to involving people affected by decisions of the City. The open house will be an opportunity for residents to provide comments and feedback on the proposed changes. Feedback will be summarized and provided to City Council for consideration before a final decision is made on the Bylaw changes. Interested persons can also [register to speak](#) about the proposed changes at the March 10, 2015 Executive Committee meeting.
