City of Edmonton

Be Informed: 90 Avenue Reconstruction Meeting

The City of Edmonton is hosting an information session prior to starting 90 Avenue road reconstruction from 75 Street to 85 Street this spring. Area residents and stakeholders are invited to learn about the final project design, construction timelines and traffic impacts.

Date: Wednesday, April 15, 2015

Time: 4-8 p.m. (presentations at 5 p.m. and 7 p.m.)

Location: Vimy Ridge Academy (8205 90 Avenue)

Road reconstruction will include the complete removal and reconstruction of roads, sidewalks, curbs and gutters, and streetlights.

This section of 90 Avenue serves as a major commuter and goods movement corridor carrying significant traffic flow from 75 Street to the downtown. A recent City arterial road pavement condition evaluation found it to be one of the poorest roads in Edmonton.

This project is independent of the ValleyLine LRT design and construction project.
