City of Edmonton

Be Informed: 142 Street Rehabilitation Public Meeting

The City of Edmonton is hosting an information session prior to road rehabilitation beginning on 142 Street between 118 Avenue and Yellowhead Trail this spring. Area residents and business owners are invited to learn about construction and traffic impacts.

Date: Thursday, April 16, 2015

Time: 5:30 - 8:30 p.m.

Location: Dovercourt School (13910 122 Avenue)

Construction will include:

- Road removal and replacement
- A new shared-use path from 118 Avenue to 124 Avenue
- New sidewalk connections and bus stops
- New curbs and gutters, catch basins, manhole covers and drainage leads
- Replacement of commercial accesses, traffic signals and streetlights
- A new pedestrian/bus activated signal at the 124 Avenue intersection
- Curb ramps at all corners of the Yellowhead Trail intersection

142 Street from 118 Avenue to Yellowhead Trail is a four-lane, undivided arterial road, servicing both residential communities and industrial areas in northwest Edmonton. This work is the first stage of a long-term plan for the 142 Street corridor that was approved by City Council in June 2014.
