Alternative route to access Edmonton Waste Management Centre

Due to construction of the Anthony Henday in northeast Edmonton, residents are asked to use an [alternative route](#) to access the Edmonton Waste Management Centre from May 8 to May 20.

A section of Meridian Street north of the Yellowhead Trail will be temporarily closed to allow construction of the new bridge over the Yellowhead. Please use Hayter Road/17 Street instead and follow the detour signs as you approach the site.

The Edmonton Waste Management Centre is a unique collection of advanced waste processing and research facilities. Owned and operated by the City of Edmonton Waste Management Services, the EVWC is an integral part of Edmonton's sustainable approach to waste management.
