City of Edmonton

Prep your inner DIY genius

Are you getting ready for DIYcity on June 21? Are you working on a project to turn an underused space into welcoming place for people to gather and interact? The City of Edmonton's CITYlab and Make Something Edmonton have set up a fun, informal evening to help DIYcity participants connect and prepare for June 21. The evening is for those looking to get or share advice on placemaking projects, chat with other project makers, or share the stories behind their projects.

Date: Tuesday, June 9, 2015
Time: Drop by between 6 p.m. and 9 p.m.
Location: Downtown Community League,
10042 103 Street NW

Do you have an idea to transform an urban space, but need some help getting started? Make Something Edmonton board members and CITYlab staff will be at the event June 9 to assist.

DIYcity is a powerful way to reveal the untapped potential of a street corner, alleyway, lamp post or any element of public space. Through DIYcity, Edmontonians have an opportunity to reimagine public spaces and see their idea become a reality. Interested parties can visit the [CITYlab](#) website, where they can submit a project application and explore the hundreds of placemaking ideas citizens mailed in for the postcard launch.

Join us at this event on June 9! You'll leave informed, inspired and ready to bring your DIYcity idea to life.
