

Proposed rezoning in Queen Alexandra for residential tower

Residents are invited to a public meeting to provide their feedback on the proposed rezoning of properties located at 10506, 10512, 10514 and 10516 - 81 Avenue NW. The proposed rezoning would allow for the development of a 63 metre (approximately 20 storeys) mixed-use tower with up to 217 residential units.

Date: Wednesday, September 30, 2015

Time: 7 p.m.

Location: Queen Alexandra School, 7730 - 106 Street NW, Edmonton, AB

The building would feature underground parking and a 10-metre tall podium containing both street-level commercial and residential uses. The application also seeks amendments in the Strathcona Area Redevelopment Plan for a rezoning from General Business Zone (CB2) to Site Specific Development Control Provision (DC2).

The meeting will be an opportunity to learn more about the proposal and provide your feedback to the City and applicant, Stantec Consulting Ltd. Feedback will be summarized in a report to City Council for a final decision on the proposed rezoning.
