

City offers storytelling workshops

Office of Public Engagement focuses on storytelling as an important part of engagement

Everyone has a story to tell. The Council Initiative on Public Engagement is offering two storytelling workshops and a 'story slam' for Edmontonians interested in storytelling. Expressing ourselves well and really listening to each other helps us work together to benefit from living together in cities.

Storytelling Workshops

Come to one of our free workshops and learn how to tell your own stories in your own words. We'll work together to generate ideas for stories from your life. You'll learn how to craft those experiences as tellable tales. We'll build your confidence for telling those stories to an audience.

Date: Tuesday, November 3, 2015
Time: Noon - 1:30 p.m.
Location: Stanley Milner Library
main floor southeast corner
Admission: Free tickets available at: [Storytelling Workshop Tickets](#)

Date: Thursday, November 5, 2015
