

City seeks input on parking requirements for eating and drinking establishments

The City is currently seeking input to help identify commercial main street locations where parking requirements for eating and drinking establishments could be reduced. Feedback is being collected through an [online survey](#) that will remain open until February 26, 2016.

Results from the survey will be used to inform draft zoning bylaw amendments that will be presented in a report to Executive Committee in June 2016. A target date for the amendments to go to City Council Public Hearing for a final decision has not yet been set.
