

City outlines plans for renewable energy at Blatchford

Media are invited to join Gary Klassen, General Manager, Sustainable Development, for an overview of the Blatchford District Energy Sharing System report that will be going to Council on March 15/16, 2016.

Date: March 10, 2016
Time: Noon
Location: City Hall, Media Room
1 Sir Winston Churchill Square

Blatchford's goal is to be a world-leading, sustainable community. A District Energy Sharing System is an on-site solution that would put Blatchford on the path to achieving the goal of becoming a carbon neutral, 100 per cent renewable energy community. Administration has prepared a comprehensive business case for the implementation of the District Energy Sharing System including the financial implications, cost/benefit analysis, risk identification and mitigation strategy, utility implications, and governance options.
