Ocean Wise is a program through the Vancouver Aquarium that incorporates a symbol on seafood items that are classified as ocean-friendly seafood choices. The program works directly with restaurants, markets, food services and suppliers to provide information on sustainable seafood options and these options are then highlighted in the menus given at different participating restaurants, displayed with the Ocean Wise symbol. More than 50 restaurants in the surrounding Edmonton area are currently Ocean Wise partners.

Tickets for the event include a seat at the lecture, appetizers and three samples of wine. The event is adult only (18+) and pre-registration is required. To register, please visit www.edmonton.ca/ereg or by calling 311. The course code for the event will be required when registering.
