

## Colour and light go for a spin at the Muttart Conservatory

April 15, 2016

The new Muttart Conservatory feature pyramid is a Kaleidoscope of Colour: a shimmering blend of hydrangeas, baby's breath and cineraria. As guests move through the pyramid, every new angle offers a new composition of hues and light. Artwork in the pyramid highlights the vital role of insects in the lives of flowers.

The Kaleidoscope of Colour feature pyramid will be an inspiration at the Artists in Action event on April 17. Each year, the Muttart Conservatory brings in local artists to create new pieces and lead workshops for the public, including drop-in activities for all ages.

### Artists in Action

**Date:** Sunday, April 17, 2016
