

Buena Vista Road and 132 Street Traffic Circle Construction

Temporary detour roads to provide access to River Valley amenities

May 9, 2016

Reconstruction of Buena Vista Road from 142 Street to 132 Street continues this spring. Construction of the new traffic circle at Buena Vista Road and 132 Street will begin mid-May 2016. During construction, temporary paved detour roads will be in place to provide access to the Edmonton Valley Zoo, the Edmonton Rowing Club, Sir Wilfrid Laurier Park, Buena Vista Park and the River Valley.

Construction is anticipated to be completed by fall 2016. Upon completion, the temporary detour roads will be restored to the prior ground conditions, such as grass in some areas. The traffic circle will be returned to manage traffic at the intersection.

Some trees around the new traffic circle will be removed or relocated. The removal/relocation of these trees will involve the City of Edmonton's Urban Forestry section to minimize impact. New trees will be planted once construction is complete.

The southwest side of Buena Vista Road from 140 Street to 132 Street will also receive upgrades during the 2016 construction season. Three raised crosswalks will be constructed at 85 Avenue, 81 Avenue and near the end of Buena Vista Road.

Reconstruction of Buena Vista Road from 142 Street to 132 Street began in May 2015.
