

City seeks input on vision for 109 Street

May 11, 2016

Edmontonians are invited to provide feedback on potential streetscape designs under consideration for the future of the 109 Street corridor, from the High Level Bridge to 61 Avenue. The team managing the Envision 109 project will present design possibilities and constraints, answer questions about the project and discuss ways to balance the needs of the community, area businesses and all Edmontonians.

Date: Thursday, May 12, 2016

Time: 4:30 p.m. - 8 p.m.

Location: St. Basil's Cultural Centre, [10819 71 Avenue](#)

The 109 Street corridor serves several functions, such as a main street hub with distinct character nodes, a route for goods movement into and out of the core, and as a prominent commuter route linking downtown and south central Edmonton. The City wants to enhance the appearance and usability of this important corridor for people who engage in various activities and ways of getting around including driving, walking, biking and using public transit.
