

## North Capital Line LRT gets major makeover

*All trains running as scheduled*

May 24, 2016

Crews worked 24 hours/day this past weekend and through inclement weather to complete a series of major projects along the north Capital Line, including:

- Replacing wood railway ties with concrete ones
- Replacing worn rail and switch repairs
- Performing LRT station maintenance, including tile work, painting, cleaning and window washing

Due to the weather, Coliseum Station exterior roof painting was rescheduled for later in the week.

The completed work is expected to improve the LRT's ride quality and extend overall lifespan.
