

Rideshare for clean air!

June 7, 2016

The City of Edmonton welcomes citizens to do their part and participate in Clean Air Day on June 8, 2016. Instead of driving, consider other ways to get around, such as public transit, ridesharing, walking or biking. By adopting more sustainable and healthier lifestyles, we can all contribute to improving our air quality.

Date: Wednesday June 8, 2016
Time: All day
Location: All over Edmonton

The City of Edmonton recognizes that clean air is important for healthy people and healthy ecosystems and actively participates in the [Alberta Capital Airshed](#), working with neighbouring municipalities to design solutions to local air quality issues.

Take some time to consider your transportation choices this week and make a personal commitment to bettering Edmonton's air quality for us and future generations.
