

## City to provide update on mosquito season

Many Edmontonians are seeing an increase in mosquitoes as a result of the rainfall in late May. To make this summer more enjoyable for residents and visitors, the City's Pest Management Team has been busy trapping and treating larvae in temporary and semi-permanent bodies of water.

Media are invited to attend an update from Mike Jenkins, Biological Sciences Technician, on the City's mosquito control program.

**Date:** Friday, June 17

**Time:** 10:30 a.m.

**Location:** Pest Management Lab, east entrance, Westwood Integrated Services 12304 107 Street
