

## Buses replace Northeast Capital Line LRT service from August 12 to 14

August 10, 2016

Starting at 7 p.m. on August 12 to end of day August 14, Capital Line LRT service will be suspended north of Churchill station. This will be the second of three weekend shutdowns. Crews are continuing work on a series of major projects.

During this time, bus shuttles between Corona and Clareview stations will run approximately every 7-8 minutes. Bus stop signs will be marked "LRT Replacement Service". Regular buses will operate at transit centres as scheduled, including Late Night Owl Service (Route 512). Trains will run between Century Park and NAIT every 15 minutes.

Regular LRT service is scheduled to resume with start of service on Monday, August 15.

The timeframe for this work was chosen because there is lower demand for LRT service over a summer weekend. Staff will work 24 hours/day under the City of Edmonton's noise exemption bylaw in order to get the work done as safely and quickly as possible. Once done, the work will improve the LRT's ride quality and lifespan.

The work includes:

- Replacing rails between 92 St. and 95 St.
- Repairing rails between Churchill and Clareview stations
- Replacing overhead LRT contact wires from 112 Ave. to 115 Ave.
- Replacing tiles at Coliseum platform
- Painting at Stadium and Coliseum stations
- Window cleaning at Belvedere and Clareview stations

ETS will use the Cromdale storage yard for materials staging. Nearby residents may notice some dust, noise and lights from the heavy equipment needed to complete this work. We will do our best to keep this to a minimum. Additional work is scheduled for the September long weekend.

The City of Edmonton thanks citizens for their patience as we complete this LRT track maintenance.
