

Bonnie Doon pool closing for rehabilitation

September 2, 2016

On September 5, 2016, Bonnie Doon Leisure Centre will close its doors for rehabilitation. The centre will remain closed until the work is completed.

Having recently celebrated its 50th anniversary, this mature building will undergo improvements to the boiler and ventilation system, lighting, pool filtration system, building acoustics and deck finishes, front counter service area, change rooms, and installation of a new transformer and main electrical utility service.

Passholders of Bonnie Doon pool are encouraged to continue using their pass and visit a neighbouring City of Edmonton leisure centre, Hardisty Fitness and Leisure Centre (10535 65 Street).

The City of Edmonton is committed to providing safe, secure and clean facilities for patrons to enjoy. Rehabilitation of mature facilities ensures a continued commitment to sustainable community programs and services, contributing to a better quality of life for current and future generations.
