

City seeks public input into six park developments

September 9, 2016

Edmontonians are invited to open houses for the Secord School, Chappelle School, Laurel School, Walker School, Hudson School and Southeast District Park developments. These sites will serve as a gathering place for residents and the community, providing opportunities for both passive and active recreation.

Feedback will be gathered from the community on the concept development plans for parks to be located at public and Catholic kindergarten to Grade 9 schools sites. The feedback received will be used to finalize the concept and create the site development plans for the school park sites.

The City of Edmonton will ensure the project considers the stakeholders' feedback and aligns with the City's requirements for the site.
