

## Help shape the future of Edmonton's parks and open spaces

November 2, 2016

Breathe: Edmonton's Green Network team is holding the next round of open houses this November. Learn more about the City of Edmonton's strategy to ensure a network of green spaces for every neighbourhood. The Breathe team will present information on existing parks and open spaces, provide updates on recently completed work, and answer questions. Public input from the open houses will form the Breathe strategy. Help us build a strong green network for all Edmontonians - now and in the future.
