## Share your views on Park and Ride

March 7, 2017

The City of Edmonton is launching an online survey to find out what Edmontonians want to see in Park and Ride in the future. Feedback gathered will help the City develop a Park and Ride strategy that best serves Edmontonians, including where and how to provide new Park and Ride locations.

The [online survey](#) will be available from March 6 to 31, 2017.

Park and Ride helps increase travel options for Edmontonians and helps the City move towards its goal of increasing transit ridership. Increasing transit ridership supports other goals of reducing the city's greenhouse gas emissions and reducing traffic congestion.
