Upcoming lane closures adjacent to Rogers Place

March 9, 2017

Various lane closures on the roads adjacent to Rogers Place will occur to facilitate the replacement of nine exhaust fans located on the roof.

This work is scheduled to begin the week of March 20 with the timing and specific details of the lane closures will be announced closer to the start of the replacement. It is anticipated the work will take three or four days to complete.

The exhaust fans have experienced component failures and the replacement work will be managed within the overall project.
