## Learn how Open Data inspires innovation

April 6, 2017

What can freely available data and one semester of GIS analysis do for the future of urban planning?

The City of Edmonton, in partnership with the Urban and Regional Planning Program of the Department of Earth and Atmospheric Sciences at the University of Alberta, invites you to learn more at the 2017 Open Science Poster Reception.

**Date:** Monday, April 10, 2017

**Time:** 1 p.m. -4 p.m.

**Location:** Room 310, Edmonton Tower Meeting Centre (10111 104 Ave)

Open Science is a collaboration between the Open City Initiative and various academic institutions. The program encourages students to come up with innovative solutions to municipal challenges.

The student poster session will showcase urban planning projects based on data released through the City's Open Data Program. To learn more about this year's projects and to sign up for this event, [please register using this form](#).
