Come learn about Whitemud Park Boardwalk replacement

The City is hosting an open house to share information about proposed replacement plans for the Whitemud Park Boardwalk. Residents, trail users, community organizations and other stakeholders are encouraged to attend, provide feedback and help inform the final design and construction plans.

Date: Thursday, May 11, 2017

Time: 4 to 8 p.m.

Location: Brookview Community League (280 Bulyea Road NW)

The Whitemud Park Boardwalk and staircase create a vital trail connection within the Whitemud Creek Ravine in Whitemud Park, allowing passage through an area that is often too wet or muddy to cross. The aging boardwalk has become increasingly worn and significantly damaged by ice heave. As a result, the boardwalk surface poses potential safety concerns. A project has been initiated to replace this boardwalk with a more durable and pedestrian-friendly solution.
