Grierson Hill Road closing for bridge construction

May 9, 2017

From **7 p.m. on Thursday, May 11** Grierson Hill Road will be closed until **6 a.m. Monday, May 15** between Connors Road and the Louise McKinney Park entrance. This closure is required for installation of bridge railings and electrical conduits on the Mechanized River Valley Access pedestrian bridge. Vehicle, pedestrian, and cyclist detours will be in place to accommodate this work.

Northbound traffic on the Low Level Bridge, eastbound traffic on Rosedale Road/100 Street, and westbound traffic on 101 Avenue will detour north to Jasper Avenue. Access to Louise McKinney Park and the Shaw Conference Centre will be maintained from the top of Grierson Hill Road.

Pedestrian and cyclist access to north side trails will be limited between the Low Level Bridge and Dawson Bridge. Closure signs will be in place to let trail users know about the closures. Users are advised to go through downtown to get around the closure. Pedestrians may take ETS downtown from stop #1190 north of the Low Level Bridge.

Full detour maps are available on the [project webpage](#).

The City thanks Edmontonians for their patience as we create an accessible, inclusive connection between downtown and the river valley.
