 - b. a mix of hard and soft landscaping elements; and
 - c. a mix of seating areas such as benches and picnic tables.
- 2. An arborist report and tree preservation plan to the satisfaction of the Development Officer in consultation with Urban Forestry, shall be submitted with the Development Permit application to determine the impact of the proposed development, including excavation and construction, on the existing boulevard trees along 103 Avenue NW and 116 Street. If required by the Development Officer, an air spading tool shall be used to determine the amount and size of roots that may need to be cut for the foundation wall. If:
 - a. the arborist report indicates that the development will unduly compromise the ongoing viability and health of a tree or trees, each tree shall be removed as part of the redevelopment of the site. The owner/developer shall be responsible for the cost of removal as well as compensating the City for the value of the tree being removed. The Development Officer shall require each tree removed to be replaced by a new tree in an enhanced growing soil medium in the form of soil cells or continuous trenches, at the cost of the owner; or
 - b. the arborist report indicates that the development will not unduly compromise the ongoing viability and health of a tree or trees, each tree shall be retained and protected as per the City's Corporate Tree Management Policy C45B6.
- 3. An exterior lighting plan shall be required as part of the Development Permit application. Decorative and security lighting shall be designed and finished in a manner consistent with the architectural theme of the development and shall be provided to ensure a well-lit and safe environment for pedestrians.

4. All exterior lighting of the Site shall be designed so that the lighting is directed away from adjacent residential development and illumination shall not extend beyond the boundaries of the Site. Night-time light pollution shall be reduced by avoiding over-illumination of the development and by using exterior lighting fixtures that are full cut-off in design to direct light downward.

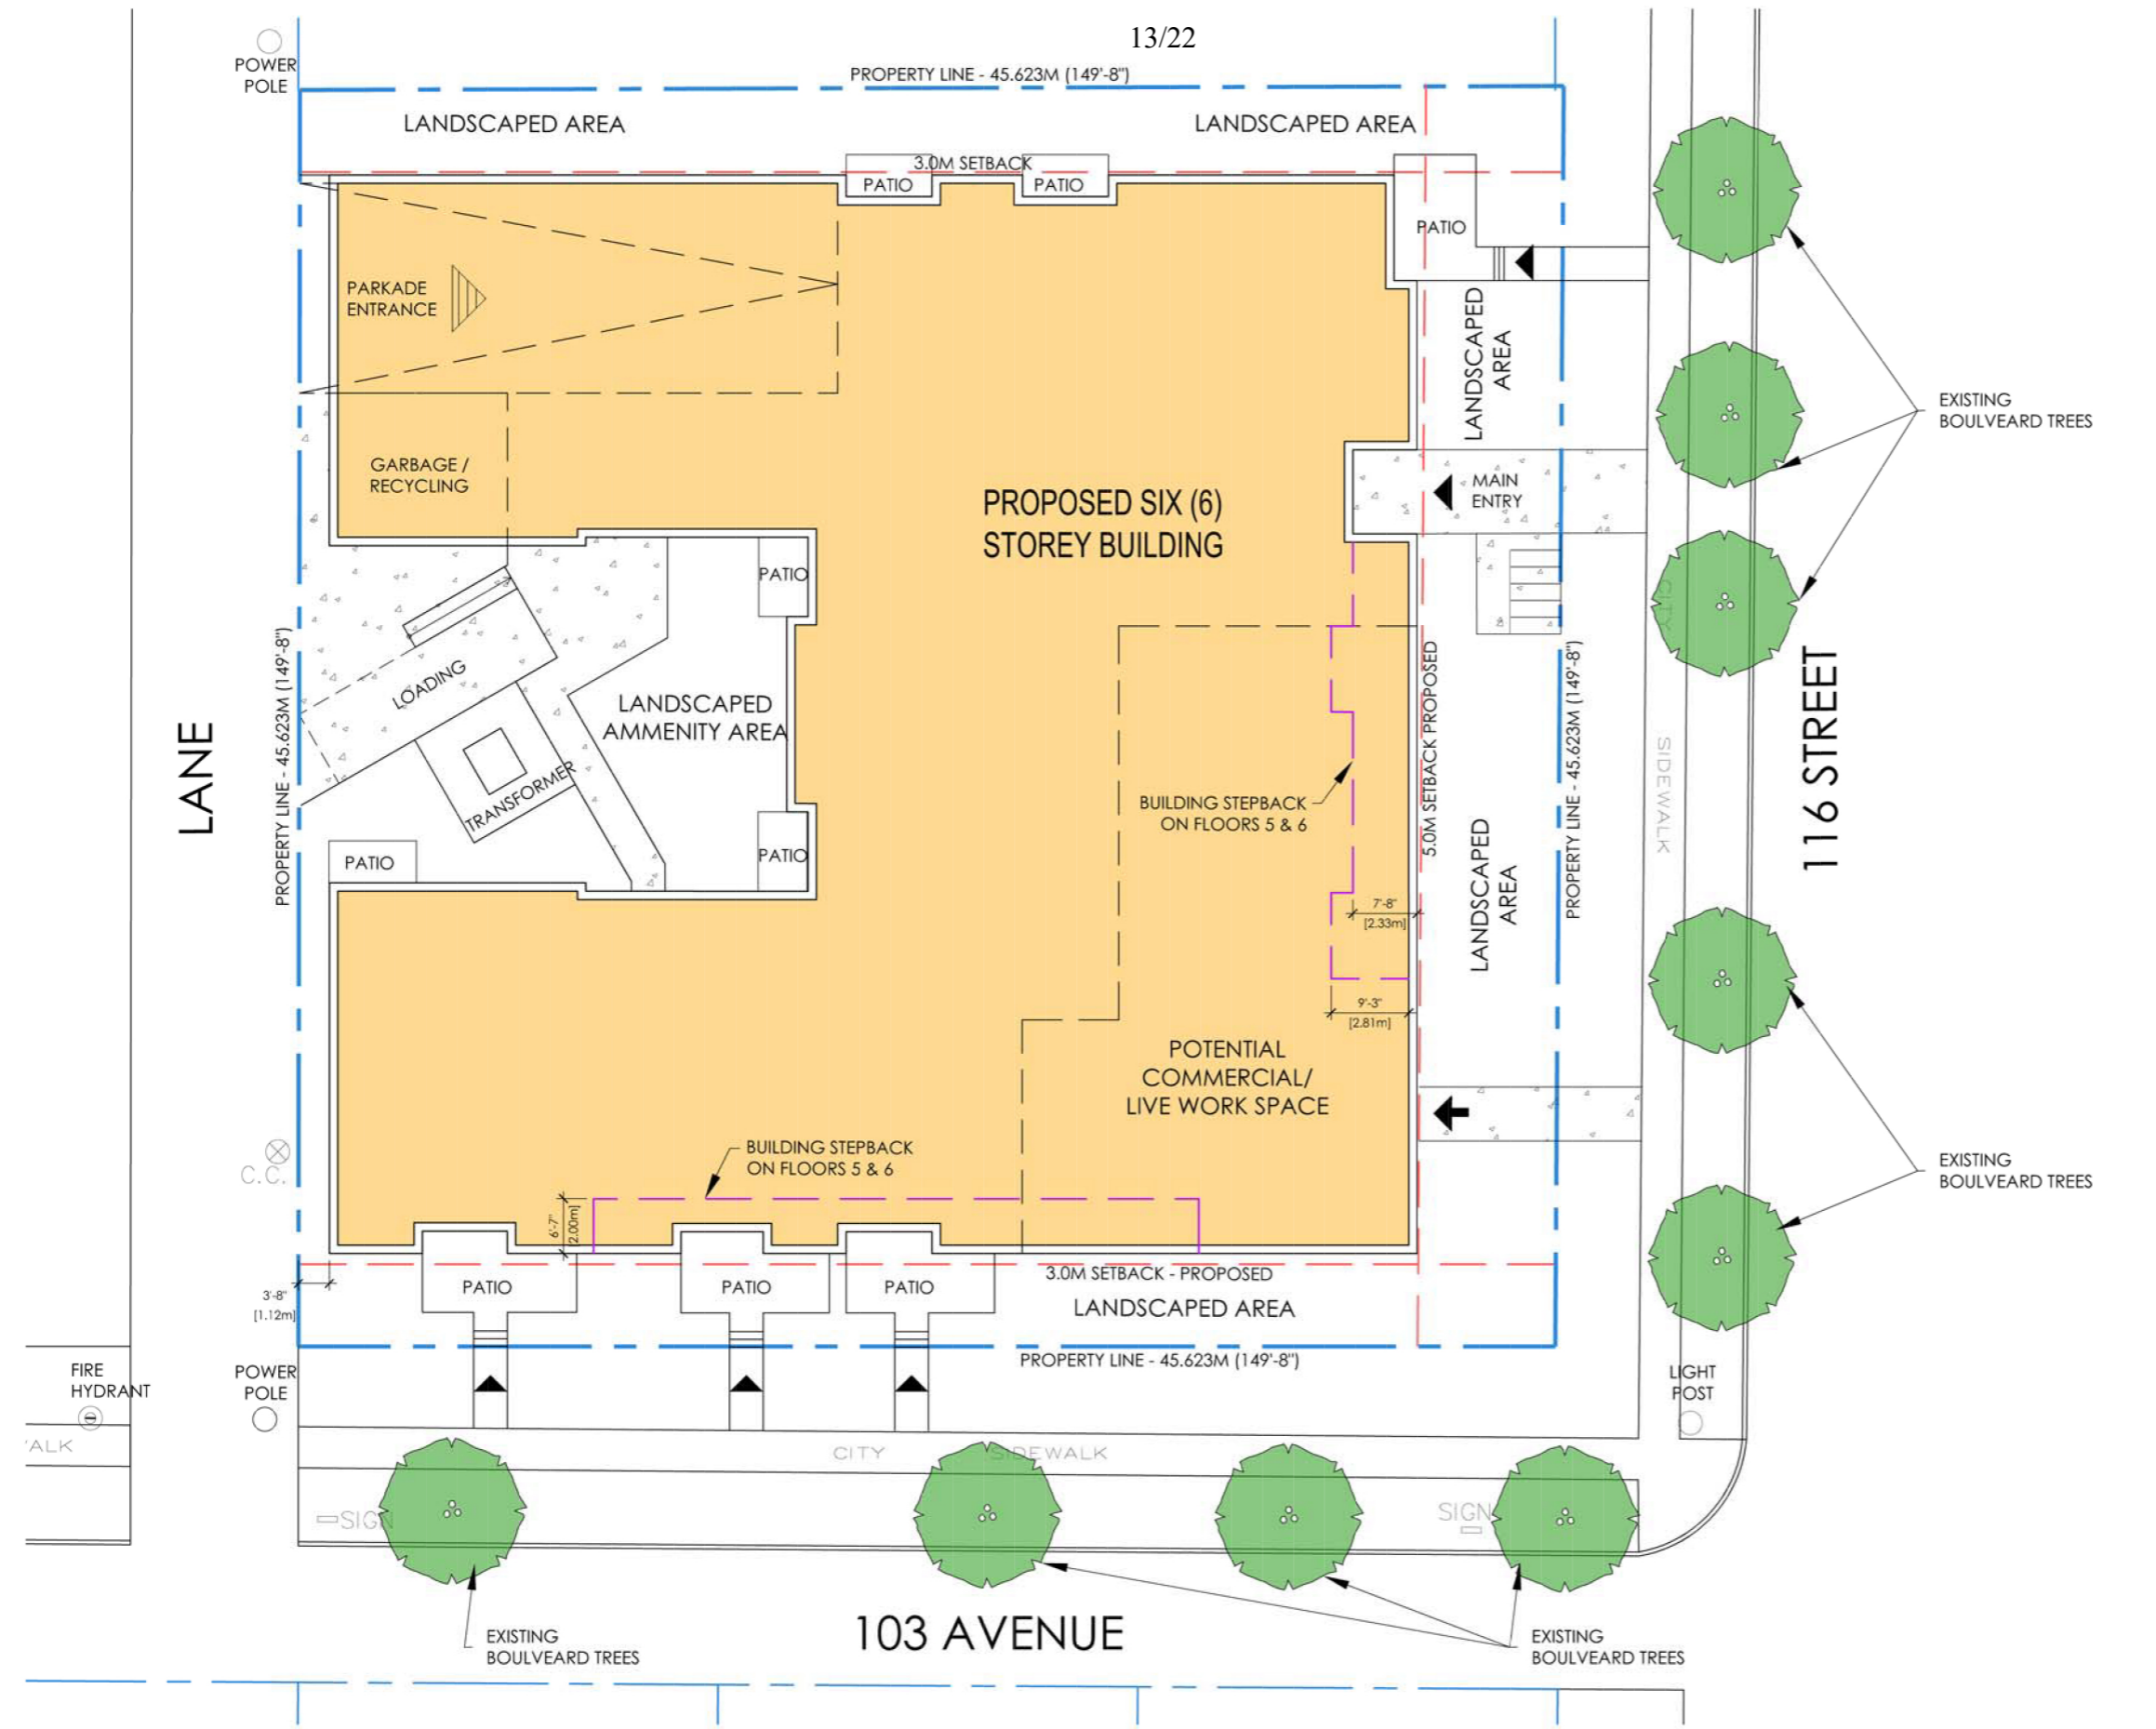

9. Other Regulations

1. Prior to the issuance of any Development Permit, except for the purpose of excavation only, a Crime Prevention Through Environmental Design (CPTED) Assessment shall be provided to the satisfaction of the Development Officer to ensure that the development provides a safe urban environment in accordance with the guidelines and principles established in the Design Guidelines for a Safer City (City of Edmonton 1995).

10. Public Improvements and Contributions

1. As a condition of the Development Permit for construction of a principal building, the owner shall enter into an agreement with the City of Edmonton for off-site improvements necessary to serve or enhance the development, such improvements to be constructed at the owner's cost. The agreement process includes an engineering drawing review and approval process. Improvements to address in the agreement include, but are not limited to:
 - a. the repair of any damage to the abutting roadways, sidewalks and/or boulevard resulting from construction of the development, to the satisfaction of the Development Officer in consultation with Subdivision and Development Coordination (Transportation).
2. Prior to the issuance of a Development Permit for the construction of the principal building, the owner shall enter into an agreement with the City of Edmonton whereby the owner shall provide a minimum total community amenity contribution fund of \$52,891.00 towards the following community amenity contributions, in any combination:
 - a. The owner entering into an Agreement with the City of Edmonton, prior to the issuance of a Development Permit for the principal building, for the acquisition of public art. The art will be acquired through an art procurement process administered by the owner(s). The following shall apply to these contributions:
 - i. Artworks shall be created by a professional artist;
 - ii. Artworks shall be within private property, excluding the interior of the building, and shall be in a location(s) that is publicly viewable, to the satisfaction of the Development Officer;
 - iii. All costs related to the procurement of artworks, operation and future

- maintenance shall be the responsibility of the owner; and/or
- b. The owner entering into an Agreement with the City of Edmonton towards partial or whole funding of an off-Site public amenity such as, or any combination of, streetscape improvements, the creation of a community hall, community garden, off-leash dog park, and/or other amenity or other parks or open spaces within the boundaries of the Oliver neighbourhood. The funds shall be submitted to the City prior to the issuance of the Development Permit and be disbursed by the City according to a separate agreement between the City and the Oliver Community League. More specific agreement details shall be determined at the Development Permit stage between the owner and the City, in consultation with the Oliver Community League, Subdivision and Development Coordination (Transportation) and Transportation Planning and Design.
