### Reading the Schedule

The schedule table that you are looking at includes arrival and departure times for Edmonton Transit Service (ETS) buses at various stops across the city. To use the schedule, you need to know which bus route number you are looking for and then find the corresponding row in the table. You will need to look at the row with the same number and read down the column labeled with the day of the week. For example:

1. For Bus Route 96, the schedule includes arrival and departure times at various stops. You can find the arrival and departure times at different times of the day.
