Reading the Schedule
Read the Schedule to find the times that buses will arrive at your stop. Info is provided for the next 12 hours.

Example:
For timing points, read the row for the timing points. Reading across the row tells you the time row (left to right).

To find the estimated times that a bus stops at a specific location, read the row for the specific location.

On Demand Transit (ODT) connects 37 bus stops in the Edmonton area. Instead of following a set route, ODT can pick-up and drop-off passengers in any order.
