### Reading the Schedule

To find the estimated times that a bus stops at a particular location, read down the column under that location.

To find the estimated time that a particular bus will stop at other locations, read across the row (left to right).

Reading across the row tells you the time required for the bus to travel between timing points.

### Example

For the schedule below, to arrive at 9:02 at MacDonal Drive 107 Ave, you will need to board the bus at Capilano Transit Centre no later than 8:33 am.

### SCHEDULE GUIDE
